As on 2nd Jan'25

Humanity joins hands with technology to achieve Progress for Humanity.

Hyundai Motor India Limited has installed an iconic “Namaste” installation near the IGI airport in New Delhi. This 32-foot tall installation makes for an inspiring spectacle. It underlines the fact that human values need to go hand in hand with technological advancements to make Progress for Humanity a reality. A universal greeting, Namaste symbolizes respect, humility, harmony, and accord. The robotic hand symbolizes futuristic innovations to enrich our consumers’ lives. The human hand in the wheel represents the integral role of humanity. The “Namaste” installation is a true testament of Hyundai’s commitment to India and its global vision “Progress for Humanity”.
